

TC-46 MINI BLUETOOTH POWER METER

I. Brief Introduction

Our TC-46 Mini Bluetooth Optical Power Meter is our newly designed optical power meter, which can realize Bluetooth connection with Android smart phone. With the software that we provide, you can upload data to smart phone; the phone can also can remote control the power meter operation within 10m. This blue-tooth smart optical power meter is featured with small in size, convenient for operation and easy to carry. The rubber sheath can protect the tester when it drops down.

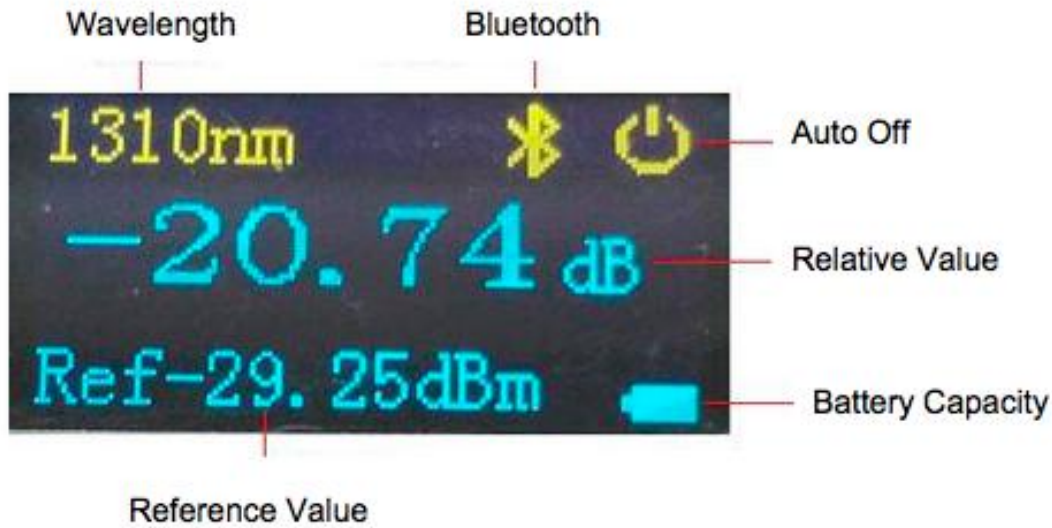

II. Specifications

Sub Model	TC-46A	TC-46B
Measurement Range (dBm)	-70~+6	-50~+26
Calibration Wavelength (nm)	850/1300/1310/1490/1550/1625	
Detector Type	InGaAs	
Uncertainty	±0.15dB	
Display Resolution	Linearity: 0.1%; Logarithm: 0.01dBm	
Connector	SC/FC/ST	
Operation Temperature (°C)	-10~+60	
Storage Temperature (°C)	-25~+70	
Auto-Off Time (min)	10	
Battery Operation Time (h)	≥70	
Communication Method	Bluetooth	
Power Supply	Built-in Li-Battery	
Weight (g)	130	
Size (mm)	φ62; Height: 20mm	

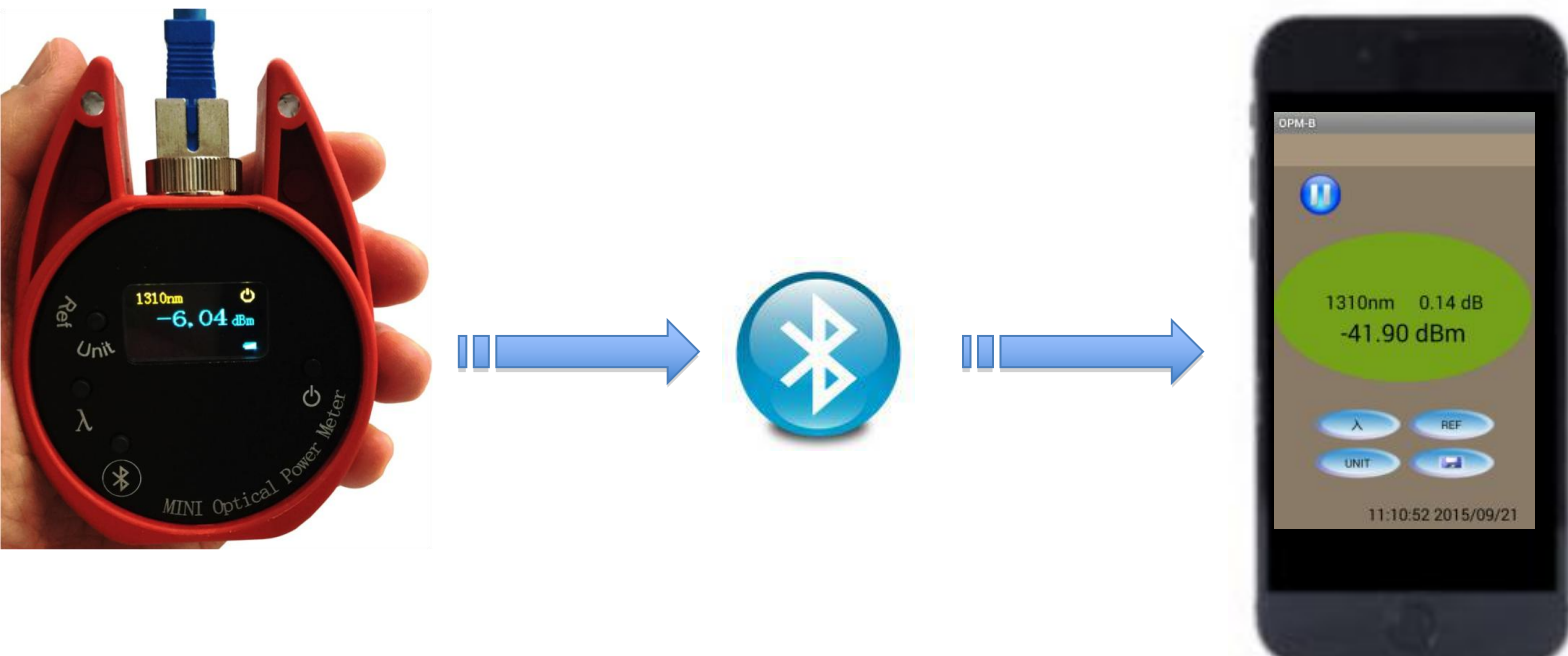

III. Front Panel

IV. LCD Display

V. Software to Control the Power Meter

VI. Package

- ◆ TC-46 Mini Bluetooth Power Meter
- ◆ SC/FC/ST Adapter
- ◆ Cleaning Cotton
- ◆ Carrying Bag
- ◆ USB Cable
- ◆ CD with Software
